Importance: High

Good morning Patrick,

This air monitoring plan is for the excavation activities that are about to happen at Ag Park. The document was reviewed by the South Coast Air Quality Management District, but I think it would still be helpful to have your review for PCBs in dust. Can you please take a look at their calculations and send me any comments by next Wednesday? If you'd need longer just let me know and I'll coordinate with Maryam.

Thank you!

Sara

Sara, Patrick and Steve:

Attached is the addendum to the 2006 RsP Air Monitoring Plan for your review and comment. I'll give Sara a call to discuss the details further.

Thanks!

Maryam

Attached is the revised Draft Air Monitoring Plan for the upcoming excavation work at Riverside Ag Park. This is the updated version based our call on April 15th. Since they are planning to go out in the field within the next two weeks, we would truly appreciate your comments Wednesday May 18th. If it would be helpful, we can schedule a call to discuss your comments shortly thereafter.

Thank you for your continued support and assistance on this project.

Subject: Riverside Ag Park

Maryam,

Attached is the revised Air Monitoring Addendum Plan for the Riverside Ag Park. This version incorporates CYs edits and comments and includes a discussion on the development of a new dust concentration screening level. If there are no additional comments, please forward the plan to SCAQMD and EPA for review.
